

## STAFF'S SHARING

Time flies, I have reached retirement time in a blink. In July, I officially retired. I have been continuously working for forty years, it is about time I paused and saw how God would guide me in the next page of my life. Retirement has been something I longed for. I was thinking that I would be having more time to do the things I like. But the pandemic totally changed my plan and my thinking. The unexpected explosion of the virus exposed the helplessness, fragility of our life. We don't really know what will happen tomorrow.

Looking back to my life, it is full of God's grace. I am very thankful. Since my first job after college, till my retirement now, I see nothing but grace. God had granted me family, work, and the chance to serve Him. I had worked in the Chinatown Family Clinic, then to CCHC, and finally CCBC. God's guidance has been obvious on every move. I experienced the presence of God, lessons of faith, and the joy of serving. I thank God for the opportunity to serve in the CCBC family.

I feel indebted to my family members, especially my mom, as I didn't spend enough time with them due to my busy schedule during my work years. Now that I retire, I hope I will be able to make up. I will also spend more time to address their spiritual needs. What I need now is to be close to God, to wait for His lead in peace for the future steps. Let us learn to seek first His kingdom and righteousness. God knows our every needs. May we always encourage and remind one another.

"But seek first his kingdom and his righteousness, and all these things will be given unto you. Therefore do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own." Matthew 6:33-34
